

PLANQUE

A WINE DRINKERS'
CLUBHOUSE

Planque is a wine-drinkers' club-house and community ; a space which provides all the physical elements for wine to be shared and drunk at its best — knowledge, optimum storage and serving conditions, good food, the right accoutrements and, critically, like-minded individuals to eat and drink with.

PLANQUE MEMBERSHIP

Set across a set of double railway arches in Haggerston, East London, Planque is home to a restaurant, members' club, wine cellar, and retail store.

The vision for Planque has been brought to life by Lipton Plant Architects (London) and interior designers Studio X (Copenhagen).

Planque has been thoughtfully created to possess all of the necessary accoutrements that facilitate drinking well.

THE SITE

Spaces

- Restaurant
- Cellar
- Members' Lounge
- La Cachette
- Retail store

Planque is a community for like-minded drinkers. It is a place for members to share their love of wine, make meaningful connections, as well as store and access their own personal collections. For both seasoned wine collectors and the cellar-curious, Planque centres on a shared passion for eating and drinking well.

Membership Overview

- Members' Lounge Access
- Private Dining Access
- Priority Restaurant Reservations
- Priority for Collaboration Dinners
- Cellar Storage Allocation
- Monthly Corkage Allowance
- Online Cellar Inventory
- Wine Concierge Service
- Members Only Tastings
- Members Only Wine Dinners
- Members' Gatherings
- Planque Online Community
- Retail Store Discounts

The Lounge

The lounge at Planque is a pocket of space just for members.

Members are welcome to drink wines from their own cellar or select bottles from our list, enjoy a selection of dishes from the kitchen, and have a comfortable setting to meet with old friends or make new connections.

La Cachette

A mini archway within one of the larger arches at Planque, La Cachette is a private space for intimate gatherings for up to eight guests. Created with long, indulgent meals in mind, La Cachette is available for members to reserve for the entire evening or afternoon.

THE RESTAURANT

At the heart of the Planque clubhouse sits our restaurant and wine bar. Led by chef Sebastian Myers, the kitchen creates a menu of modern French food, with an emphasis on seasonality and simplicity. The wine list features a dynamic selection of rare and interesting bottles that have been carefully matured in our cellar, as well as a selection of our favourite current release wines.

Planque members receive priority access to reservations in the restaurant. Members have early access to reservations as they are released, as well as access to more seatings than nonmembers, allowing for greater flexibility when reserving in the restaurant.

Priority reservations for members extend to special events hosted in the restaurant at Planque including guest collaboration dinners.

THE STORE

Our retail store offers a selection of carefully sourced items including specialist foods, kitchen and wine accoutrements, a curated collection of reading, and merchandise collaborations. Planque takes an essentialist approach to product selection - one corkscrew, one type of olive oil.

The store also features our 'Artist in Focus' programme in which we collaborate with an artist with each new season to develop artwork prints and other goods.

We Sell

Books
Glassware
Postcards
Olive Oil
Artist Prints
Soft Toys
Magazines
and more

Members receive a 5% discount on purchases made in the store.

YOUR CELLAR

Cellaring wine under controlled conditions ensures that the ageing process is as linear as possible. The cellar at Planque has been designed to assist members in enjoying their wines at their absolute peak. Most wines that have been made with care will benefit from further ageing, whether it's one or ten years, and our team endeavours to help collectors enhance the way they enjoy them.

Cellaring

- Relocate an existing collection or build your cellar from the ground up
- Purchase wines elsewhere and send them directly to your Planque cellar

Ageing

- Store and age your wines, housed under ideal conditions
- Manage your collection using our online cellar inventory
- Develop and grow your cellar with the assistance of our team.

Drinking

- Drink your own wines in the restaurant or members' lounge
- Collect your wines from Planque to take-away
- Have your wines delivered from your cellar to your home or elsewhere

YOUR CELLAR

Storage Allocation

Within the expansive double-archway cellar at Planque, each member has their own designated storage allocation of 36 bottles, or six cases of wine. Members are welcome to use as little or as much of their storage allocation as they require as they build and develop their collections. For members who possess larger collections, additional storage is available for a set price per case.

Corkage Allowance

Planque members receive a corkage allowance of two bottles each month to drink within the restaurant and lounge at Planque, free of charge. For members who visit the clubhouse more frequently, additional corkage is available at £10 per bottle.

Wine Concierge

Wine collections cellared at Planque are completely managed by our in-house team.

The wine concierge service is inclusive of all receiving, cataloguing, picking, and packing, ensuring that members' wines are stored and cared for correctly..

Online Cellar Inventory

Members are able to visually monitor their wine collections using our custom online cellar inventory. Our online cellar allows members to view the quantities of each bottle they have ageing, see updates as new bottles are added, make withdrawals to drink at Planque, or have wines delivered elsewhere.

EVENTS

Members are encouraged to interact through an ongoing series of events designed to inspire conversation and strengthen community. Extending on our ethos of cellaring, the program of events will highlight key producers with an emphasis on the process of wine ageing and discovering what a bottle can become with time.

Tastings

Our ongoing series of tastings will have a changing focus each month, taking closer looks into specific regions, producers, and vintages, and will feature exciting wines not accessible elsewhere.

Wine Dinners

Wine dinners will be hosted once monthly by Jonathan Alphandery, Planque's founder, pulling gems from his personal cellar to accompany the evening's multi-course meal, based on a changing theme.

Workshops

Explorations of topics pertaining to the world of wine, food, and beyond. Invited guests from various disciplines will join us at Planque to teach a craft or skill, or delve into discussions on a particular subject.

Gatherings

For Planque members only. Gatherings provide a unique opportunity for the Planque community to connect. Members are encouraged to select a bottle from their personal cellar and imbibe together.

MEMBERSHIP PRICING

Planque membership is £80 monthly or £880 annually, with a £150 joining fee. The minimum commitment is six months.
